

ASPS RESOURCES FOR YOUR RESIDENCY PROGRAM

Resident Education Center (REC)

- Manage your program's account – easily enroll, renew or update residents from your program online
- ASPS Content Outline used in developing In-Service Exams
- More than 100 learning modules among nine broad curriculum sections
- Didactic modules with post-tests
- Reporting available to manage all residents and track their progress on various modules as well as track performance on post-tests for each

Tools for Training Program Directors

- Monitor resident progress and performance
- Identify knowledge gaps early
- Support structured preparation for both written and oral boards

Networking Opportunities

- Plastic Surgery The Meeting (PSTM)
- Senior Resident Conference at PSTM
- Resident Networking Reception at PSTM

Board Preparation Tools for Your Residents

- The REC
- PlastIQ Question of the Week (ongoing high-yield reinforcement)
- SNIPS (targeted review based on ABPS exam performance gaps)
- CSAT (to assess readiness and identify knowledge gaps)
- Plastic Surgery The Meeting (PSTM)
- Rationales & References (to strengthen clinical decision-making)
